Teacher of Science & Mathematics

Description

Gloucester Catholic High School is seeking a full-time Teacher of Science and/or Mathematics for the 2026–27 school year.

Responsibilities

The teacher assumes full responsibility for the leadership and management of assigned classes; strives to achieve the goals of Catholic education; develops and implements a daily instructional program aligned with student needs and established curriculum; maintains accurate records of attendance and academic achievement as required by the school, diocese, and state; fosters positive relationships within and beyond the school community; and pursues ongoing professional development

Qualifications

- Bachelor's degree and New Jersey teaching certification for grades 9–12 preferred
- Experience in high school advanced course instruction preferred; prior classroom experience a plus
- Commitment to supporting the school's Catholic mission
- Background check and Virtus training required prior to or upon hiring

Contacts

Submit a resume, letter of intent, and copies of certifications by **June 8, 2026** to: Valerie Castagna at vcastagna@gchsrams.org
